# 1 Introduction

This user guide provides the information necessary for Centers for Medicare & Medicaid Service (CMS) users with appropriate permissions governed by the user management rules to effectively use the features and processes in the *Unified Rate Review (URR) Module*, which covers a market-wide audience including Exchange (Federally Facilitated Exchange, FFE) and non-Exchange users.

## 2 Referenced Documents

The Center for Consumer Information and Insurance Oversight (CCIIO) has provided additional information detailing specific policy and submission criteria for each section of the Rate Review module on the CCIIO webpage. In addition, specific instructions are posted on the CCIIO webpage to aid issuers. Please use the following link for more information:

<http://cciio.cms.gov/programs/exchanges/qhp.html>.

## 3 Overview

Section 2794 of the Public Health Service Act (PHS Act), as added by the Patient Protection and Affordable Care Act (ACA), establishes a process for the annual review of an unreasonable increase in premiums for health insurance coverage. The Center for Medicaid and Medicare Services (CMS) issued a final rule, the “Rate Increase Disclosure and Review” (Rate Review rule) (codified at 45 C.F.R. §§ 154.101-154.301) implementing section 2794 of the PHS Act.

This user guide explains how health insurance issuers and state reviewers will use the *Unified Rate Review Module* to submit and review information and provide step-by-step instructions for all the issuer and state system features and functionalities available in the Rate Review system.

## 4 Conventions

This document provides screen prints and corresponding narratives to describe how to use the *Unified Rate Review Module*’s processes and functionalities.

**NOTE:** The term user is used throughout this document to refer to a person who requires and/or has acquired access to any functionality contained in the *Unified Rate Review Module*.

Modules or systems are indicated by *italics*. Fields or buttons to be acted upon are indicated in **bold** text. Grayed out fields are considered read only, and the default values cannot be changed.

## 5 Getting Started

This section provides information about set-up and system access.

## 5.1 Set-Up Considerations

CMS screens are designed to be viewed at a minimum screen resolution of 1024 x 768 based on Health and Human Services (HHS) standards. To optimize the user's access to the Plan Management (PM) system:

1. Please *disable pop-up blockers* prior to attempting access to the Plan Management system.
2. Use one of the following browsers for optimum usability:
  - Internet Explorer 11 (latest version available for supported operating systems as of 1/08/2021)
  - Firefox 68.0
  - Chrome 78.0
3. Recommended Excel Versions include Excel 2013, Excel 2016, and Excel 2019.

## 5.2 User Access Considerations

A variety of users will be credentialed to use this system. This type of credentialing can include limiting the user to only entering data, only viewing data, only approving data, or a combination of these or other requests, as necessary. Documentation for requests and access will be retained by security for reporting and auditing purposes.

Each authorized user will be credentialed and limited to specific work environments within the system. Should an authorized user require access to additional work environments, a request should be submitted to security to set up, grant and/or revoke privileges, and retain documentation for system access.

User restrictions to the system include rules such as a user entering data cannot approve the same data or a user who approves the data cannot enter or update the same data.

## 5.3 Accessing the System

All Federally-Facilitated Exchange (FFE) users require a CMS Enterprise Portal ID and Health Insurance Oversight System (HIOS) user role to access the system.

## 5.4 System Organization and Navigation

This module allows issuers to submit all necessary information using a web-based user interface and Excel templates.

When a data submitter uploads the URR template XML file, the system validates the data on the template and the web-based sections of the application.

## 5.5 Exiting the System

To exit the system, click the Logout link located at the bottom right corner of the page header.

## 6 Using the System

The following sections provide instructions about using the various functions or features of the *Unified Rate Review Module*.

### Unified Rate Review Issuer Submitter Tabs

- **Rate Review Overview:** The Rate Review Overview tab provides a home page for all users. On this page, additional submission tips can be found to help guide the user to successfully submit a rate filing. In addition, the Unified Rate Review template is located on this page and must be completed as part of a system submission.
- **Create Submission:** The Create Submission tab provides a place to submit the user's rate filing into the system. The user can create a submission for any state and issuer the user is currently associated with in HIOS.
- **View/Edit Submission:** The View/Edit Submission tab allows the user to search for and view a submission summary of a previous or current submission. From the submission summary, the user can view or edit previously submitted submissions. The submission summary screen allows the user to see updates to the status of previously submitted review or access materials during the user's review.

### Unified Rate Review Issuer Validator Tabs

- **Rate Review Overview:** The Rate Review Overview page provides a home page for all users. On this page, additional submission tips can be found to help guide the user through successfully submitting a rate filing.
- **View/Edit Submission:** The View/Edit Submission tab allows the user to search for and provide a submission summary of a previous or current submission or to validate a new submission. From the Submission Summary screen, the user can view or edit previous submissions. The Submission Summary screen allows the user to see updates to the status of review or access materials that were previously submitted.

### Unified Rate Review State Reviewer Tabs

- **Rate Review Overview:** The Rate Review Overview page provides a home page for all users. On this page, additional Reviewer tips can be found to help guide the user to successfully conduct a review of submissions.
- **Review Submissions:** The Review Submissions tab provides the user with the search capability to find and review all submissions for the user's associated state. Once a submission is selected, the submission will be viewable on the Submission Summary page, where the user can access materials submitted by the issuer, update the status of a submission, add internal comments, request updated or supplemental materials, and review the threshold rate increase.
- **View Reports:** The View Reports tab provides the user with system-generated reports for issuers within the user's associated state. The report provides valuable data on issuers, products, and users within the same state.

## 6.1 Issuer Submitter – Rate Review Overview Page

The Rate Review Overview page, shown in Figure 1, allows the user to view submission tips and access the Unified Rate Review Instructions and User Guide to help the user complete the submission. The user can also download a copy of the Unified Rate Review Template from this page.

**RATE REVIEW**

### Rate Review System

The Rate Review System is a system that provides the Issuer with the ability to enter Rate Filing information for Exchange and Non-Exchange plans in an integrated location for review and adjudication.

[Rate Review Overview](#) [Create Submission](#) [View/Edit Submission](#)

Issuers are required to submit a rate filing justification (RFJ) to CMS for the entire risk pool when any product in the single risk pool in the individual or small group (or merged) market is subject to a rate increase. Issuers must also submit the RFJ for any products that will be sold on the Exchange as a Qualified Health Plan, regardless of whether the product is subject to a rate increase. Issuers must use the Unified Rate Review (URR) HIOS module to submit the RFJ to CMS and to make modifications (if applicable) subsequent to the initial submission.

A Consumer Justification Narrative (Part II of the RFJ) is required for a product if any plan within the product has the following: a 'Plan Category' of 'Renewing' a 'Metal' value of 'Platinum, Gold, Silver, Bronze, or Catastrophic' and the Plan Cumulative Rate Change % (over 12 months prior) in the URR Template meets the criteria for being 'subject to review.'

The RFJ consists of three parts:

- Part I – the Unified Rate Review Template (URRT)
- Part II – Written Description Justifying the Rate Increase (only required for proposed rate increases 'subject to review')
- Part III – Actuarial Memorandum and Redacted Actuarial Memorandum.

Issuers are now required to submit an Actuarial Memorandum and Redacted Actuarial Memorandum as part of their submission. The Actuarial Memorandum document is for CMS review ("CMS version") and should contain all the data elements and information described in the URR instructions. The Redacted Actuarial Memorandum document is a redacted document that will be made available to the public ("public version"), as required by 45 CFR & 154 215(h)(2), and should redact any information that is a trade secret or confidential commercial or financial information. If the Actuarial Memorandum is being used as the Redacted Actuarial Memorandum, the user has an option to select a check box to indicate that the Actuarial Memorandum file is the same as the Redacted Actuarial Memorandum on the Create Submission page.

### Unified Rate Review Instructions and Template

Please use the following resources to complete your URR submission.

- [URR Instructions \(Parts I, II, & III\) \(PDF, 1.81 MB\)](#)
- [2022 URRT \(XLSM, 0.18 MB\)](#)
- [Technical Manual \(PDF, 0.59 MB\)](#) for using the URR HIOS module

This is an attempt to upload URR Instructions.

**Figure 1: Issuer Submitter - Rate Review Overview Page**

Table 1 describes the fields on the Issuer Rate Review Overview page and provides instructions about how to enter data in these fields.

**Table 1: Issuer Submitter - Rate Review Overview Page Fields**

<b>Name</b>	<b>User Action</b>	<b>Comments</b>
Rate Review Overview tab	Click	Click the Rate Review overview tab to load the current Rate Review Overview page.
Create Submission Tab	Click	Click the Create Submission Tab to reload the current page and clear all entered data.
View/Edit Submission Tab	Click	Click the View/Edit Submission tab to display the Submission Search page of the View/Edit Submission Functionality.
URR Instructions	Click	Click the Instructions link to download a copy of the 2022 Unified Rate Review Instructions

Technical Manual link	Click	Click the Technical Manual link to download a copy of the Technical manual that will provide guidance on how to navigate the module.

From the Issuer Submitter Rate Review Overview page, shown in Figure 1, a user assigned the role of Issuer Submitter can start a new submission by clicking the **Create Submission** tab. The user can view or edit a current submission by clicking the **View/Edit Submission** tab.

## 6.2 Issuer Validator – Rate Review Overview Page

The Rate Review Overview page, shown in Figure 2, allows the user to view submission tips and access the Rate Review instructions and User Guide to help the user complete the user's submission. The user can also download a copy of the Unified Rate Review Template from this page.

The screenshot shows the 'RATE REVIEW' header with a 'Text Size' control and a welcome message for 'PM\_ROLE\_TEST\_122'. Below the header is the 'Rate Review System' section, which includes a description of the system and two tabs: 'Rate Review Overview' (selected) and 'View/Edit Submission'. The main content area contains instructions for submitting a Rate Filing Justification (RFJ), including requirements for a Consumer Justification Narrative (Part II) and an Actuarial Memorandum. It also lists the three parts of the RFJ: Part I (URRT), Part II (Written Description), and Part III (Actuarial Memorandum). At the bottom, there is a section for 'Unified Rate Review Instructions and Template' with links to download the URRT (PDF, 1.81 MB), the 2022 URRT (XLSM, 0.18 MB), and the Technical Manual (PDF, 0.59 MB).

### Create Submission

The Create Submission page requires an Issuer to select which segment of the health insurance market a Rate Filing Justification submission will apply to and submit appropriate documentation.

A field with an asterisk (\*) before it is a required field.

#### Issuer Information

\* State: 

Please Select

\* Issuer: 

Please Select

\* Market Type: 

Please Select

To add a policy form ID, please enter the policy form ID in the textbox on the left and select the Add Policy Form ID button. To remove a policy form ID, select the policy form ID from the table below and select the Remove Policy Form ID button.

Policy ID:

[Add Policy Form ID](#)

Added Policy Form IDs:

[Remove Policy Form ID](#)

The Issuer should input the SERFF Tracking, Ifile Number, or State Filing Number, that has been assigned to the submission.

SERFF Tracking Number:

#### Submission Documentation

Every submission requires a .XML extract from a finalized Unified Rate Review Template (Part 1 of the Rate Filing Documentation) and an associated Actuarial Memorandum (Part 3 of the Rate Filing Documentation). A user can also optionally upload Supplemental Materials that support the Part 1 or Part 3 files. In the event there is a rate increase at or above the review threshold captured in the Unified Rate Review Template, an Issuer-Submitter will be required to log back into the system and enter Consumer Justification Narratives (Part 2 of the Rate Filing Documentation) after creating their submission.

\* Part 1: Unified Rate Review Template :  
(Must be a valid .xml file)

Browse... No file selected.

\* Part 3: Actuarial Memorandum :  
(Must be a valid .doc, .docx, or .pdf file)

Table 3 describes the fields on the Issuer Create Submission page and provides instructions about how to enter data in these fields.

**Table 3: Issuer Submitter - Create Submission Page Fields**

Name	User Action	Comments
Rate Review Overview Tab	Click	Click the Rate Review Overview Tab to display the Rate Review Overview page.
Create Submission Tab	Click	Click the Create Submission Tab to reload the current page and clear all entered data.
View/Edit Submission Tab	Click	Click the View/Edit Submission tab to display the Submission Search page of the View/Edit Submission Functionality.
State	Click drop-down	Select the state for the submission. Only states associated to assigned Issuers are displayed.
Issuer	Click drop-down	Select the Issuer for the submission. The drop-down list is populated with Issuers the user has been associated. When selected, the Market Type drop-down list is enabled.
Market Type	Click drop-down	Select the market type for the submission, based on available market types of the selected Issuer.
Policy Form ID (To Add)	Enter a Policy Form ID	Click to display the contents of the Policy Form ID field and add it to the Policy Form ID list, if the Policy Form ID entered is valid.
Add Policy Form ID	Click	Click to add the contents of the Policy Form ID field to the Policy Form ID list, if the Policy Form ID entered is valid.
Policy Form ID(s) (Added)	Select a Policy Form ID previously added to the list	Displays the Policy Form IDs added to the submission. Policy Form IDs can be selected within this area by clicking on the desired ID for removal purposes.
Remove Policy Form ID	Click	Click to remove any highlighted Policy Form IDs in the Policy Form ID list.
SERFF Tracking Number	Enter a SERFF Tracking Number	Click to enter a SERFF Tracking Number into the text field, if available.
Unified Rate Review Template	Click	Click the <b>Choose File</b> button to browse to select the location of the Unified Rate Review Template. Once selected, the page is populated with the selected file path to the Unified Rate Review Template. This file must be a .xml file type.  This template is required for submission.
Actuarial Memorandum	Click	Click the <b>Choose File</b> button to browse to select the location of the <b>Actuarial Memorandum</b> . Once selected, the page is populated with the selected file path to the <b>Actuarial Memorandum</b> . The file must be a valid .doc, .docx, .pdf file type.  This file is required for submission.

Name	User Action	Comments
Redacted Actuarial Memorandum	Click	<p>Click <b>Choose File</b> button to browse to the location of a <b>Redacted Actuarial Memorandum</b>. Once selected, the page is populated with the selected file path to the <b>Redacted Actuarial Memorandum</b>.</p> <p>The file must be a valid .doc, .docx, .pdf file type. The user can select the check box to use the Actuarial Memorandum file as the Redacted Actuarial Memorandum file.</p> <p>This file is required for submission.</p>
Supplemental Materials	Click	<p>Click the <b>Choose File</b> button to browse to select the location of the <b>Supplemental Materials</b>. Once selected, the page is populated with the selected file path to the <b>Supplemental Materials</b>.</p> <p>The file must be a valid .csv, .doc, .docx, .txt, or .pdf file type.</p>
Add Supplemental Files	Click	Click the <b>Add Supplemental Files</b> to obtain an additional instance of a Supplemental Materials text field, where you can add another file.
Submit Button	User clicks the Submit Button	<p>Click to run all validation checks on the submitted data. If the submitted data is valid, the submission will be sent for processing, and the Submission Pending Validation Summary is displayed. If any page data is invalid, an appropriate error message is displayed at the top of the page.</p> <p>Issuers will only be able to create submissions if all submissions with the same Issuer/State/Market/Effective Date combination have a Submission Status of 'Submission Deactivated.'</p>

Table 4 shows the possible error or confirmation messages that can be received and explains why each message would be displayed.

**Table 4: Error/Confirmation Messages**

Trigger	Message
Attempt to Create a Submission without selecting a state	Please select a State
Attempt to Create a Submission without selecting an Issuer	Please select an Issuer
Attempt to Create a Submission without selecting a Market Type	Please select a Market Type
Attempt to Create a Submission without adding a Policy Form ID	Please add at least one Policy Form ID
When a new Policy Form ID is added to the Policy Form ID table.	The following Policy Form ID has been added to the submission: <Added Policy Form ID>

Trigger	Message
Remove one or many Policy Form IDs from the table	The following Policy Form ID(s) have been removed from the submission: <Removed Policy Form ID(s), comma delimited>
Attempt to add an invalid Policy Form ID to the list (No data entered, Form ID over 100 characters, ID uses illegal characters)	Please add at least one Policy Form ID
Attempt to create a Submission with an invalid SERFF Tracking Number (contains illegal characters)	The SERFF Tracking Number is invalid. Please note that SERFF Tracking Number can contain only the following symbols: * ( ) – [ ] { } ; , “
Attempt to create a Submission with no Unified Rate Review Template selected	Please select a Unified Rate Review Template
Attempt to create a Submission with no Actuarial Memorandum selected	Please select an Actuarial Memorandum
Attempt to upload a file with an incorrect file type	The selected file "<filename>" is not in a valid file type. Please select a file that is valid for upload.
Attempt to upload a file with an incorrect filename	The selected file "<filename>" does not have a valid name. Please ensure that your file name does not contain any spaces or special characters and is less than 100 characters in length
User attempts to add more than ten instances of the Supplemental Materials	Only ten supplemental materials can be added when creating a submission.
Attempt to create a Submission with no Redacted Actuarial Memorandum selected	Please select a Redacted Actuarial Memorandum
Attempt to create a Submission with the same Issuer/State/Market Type/Effective Date combination of an active* submission  Active* - Submission status other than Submission Deactivated	An active submission already exists for this Issuer, State, Market Type, and Effective Date combination. You may only create a new submission if all existing submissions with the same Issuer, State, Market Type, and Effective Date combination are in a status of 'Submission Deactivated.'

## 6.4 Issuer Submitter – Submission Pending Validation Page

This page, shown in Figure 4, allows the Issuer Submitter to review all submission data and files that were submitted to the system. There is a note on the page that the record has been uploaded to the system and is pending validation.

Once the validation is complete, both the Issuer Submitter and Issuer Validator users will receive an e-mail notification stating whether the Unified Rate Review Template passed the system validations. If the template passed system validations, the Issuer Submitter or Issuer Validator can take additional actions on the submission. If the template failed the system validation, the submission will not be created in the system. The Issuer Submitter will receive a list of errors discovered in the Unified Rate Review Template and will need to address them before creating a new submission.

**Figure 4: Issuer Submitter - Submission Pending Rate Validation Summary**

Table 5 describes the fields on the Submission Pending Rate Validation page.

**Table 5: Issuer Submitter - Submission Pending Rate Validation Summary**

<b>Name</b>	<b>User Action</b>	<b>Comments</b>
Rate Review Overview Tab	Click	Click the Rate Review Overview tab to display the Rate Review Overview page.
Create Submission Tab	Click	Click the Create Submission tab to display a blank Create Submission page.
View/Edit Submission Tab	Click	Click the View/Edit Submission tab to display the Submission Search page of the View/Edit Submission Functionality.
Issuer – State (Issuer ID)	No user action required.	Displays the Issuer, State, and Issuer ID selected on the Create Submission page.
Market Type	No user action required.	Displays the Market Type selected on the Create Submission page.
Policy Form IDs	No user action required.	Displays all entered Policy Form Ids inserted on the Create Submission page.
SERFF Tracking Number	No user action required.	Displays the SERFF Tracking Number, when entered, from the Create Submission page.
Created Date / Time	No user action required.	Displays the time and date the submission was created in the Rate Review system.
Created By	No user action required.	Displays the Issuer Submitter who submitted the submission to the system.
Submission Tracking Number	No user action required.	Displays the unique system generated submission tracking number for the submission.
Unified Rate Review Template	No user action required.	Provides the file name of the Unified Rate Review Template submitted on the Create Submission page for the selected submission.
Actuarial Memorandum	No user action required.	Provides the file name of the Actuarial Memorandum document submitted on the Create Submission page for the selected submission.
Redacted Actuarial Memorandum	No user action required.	Provides the file name of the Redacted Actuarial Memorandum document submitted on the Create Submission page for the selected submission.
Supplemental Materials	No user action required.	Provides the file name of all Supplemental Materials submitted on the Create Submission page for the selected submission.

## 6.5 Issuer Submitter and Validator – Submission Search Results Page

This page, shown in Figure 5, allows the user to search a submission based upon one or more available search criteria. A data table will display all submission results that match the search criteria. After sorting through the returned results, the user can click select an submission's **Submission Tracking Number** in the corresponding row to access a particular submission.

**Table 6: Issuer Submitter and Validator - Submission Search Page Fields**

<b>Name</b>	<b>User Action</b>	<b>Comments</b>	<b>Associated Rules</b>
Rate Review Overview tab	Click	Click the Rate Review Overview tab to display the Rate Review Overview page.	N/A
Review Submissions tab	Click	Click the Review Submissions tab to reload the Submission Search page of the Review Submission Functionality, clearing all previously entered data.	N/A
View/Edit Submission Tab	Click	Click the View/Edit Submission tab to display the Submission Search page of the View/Edit Submission Functionality.	N/A
State	Click Drop Down	Provides the ability to select a state for searching system submissions. You can only select states in which your user account is associated.	Selection of a value is optional.
Issuer	Click Drop Down	The Issuer drop-down provides the ability to select as Issuer for searching system submissions. You can only select Issuers within the states your user account is associated.	Selection of a value is optional. Values displayed are based on the selection made in the State drop-down field.
Market Type	Click Drop Down	The Market Type drop-down provides the ability to select a market type for searching system submissions. The system will restrict returned values based on user account associations.	Selection of a value is optional. Displays a list of available markets (Individual, Small Group, Combined).
Quarterly or Annual Submission	Click Drop Down	The Quarterly or Annual Submission drop-down provides the ability to select Annual or Quarterly for searching system submissions. The system will restrict returned values based on the type of submission selected.	Selection of a value is optional. Displays a list of available submission types (Annual, Quarterly)
Primary Reviewer Type	Click Drop Down	The Primary Reviewer Type provides you with the ability to select a Primary Reviewer Type for searching system submissions. The system will restrict returned values based on user account associations.	Selection of a value is optional.
Subject to Review	Click Drop Down	The Subject to Review drop-down provides the ability to search for submissions that are either Subject to Review or Not Subject to Review. The system will restrict returned values based on the associated statuses.	Selection of a value is optional.  Displays a list of submission categories (Subject to Review, Not Subject to Review)

Name	User Action	Comments	Associated Rules
Submission Tracking Number	Enter a Tracking Number	Enter a Submission Tracking Number for searching system submissions. The system restricts returned values based on user account associations.	Entering a value is optional.
Submission Status	Click, Multi Select	Select one or multiple statuses for searching system submissions. The system restricts returned values based on user account associations.	You can select multiple statuses by holding the CTRL key.
Submission Created Date: From	Enter a Date	Enter a starting date for searching system submissions, based on the Created Date. The system restricts values based on user account associations.	Manually entered dates must be entered in the mm/dd/yyyy format.
Submission Created Date: From Calendar Icon	Click	Click the calendar icon to display a pop up calendar. You can click any date within the calendar, and the system will place the value within the Submission Created Date: From field.	N/A
Submission Created Date: To	Enter a Date	Click the Submission Created Date: To field to enter an end date for searching system submissions, based on the Created Date. The system restricts values based on user account associations.	Manually entered dates must be entered in the mm/dd/yyyy format.
Submission Created Date: To Calendar Icon	Click	Click the calendar icon to display a calendar. You can click any date within the calendar, and the system will place the value within the Submission Created Date: To field.	N/A
Validated Date: From	Enter a Date	The Validated Date: From field allows you to enter a starting date for searching system submissions, based on validation dates. The system restricts values, based on user account associations.	Manually entered dates must be entered in the mm/dd/yyyy format.
Validated Date: From Calendar Icon	Click	Click the calendar icon to display a calendar. You can click any date within the calendar, and the system will place the value within the Validated Date: From field.	N/A
Validated Date: To	Enter a Date	The Validated Date: To field allows you to enter an end date for searching system submission, based on the Validated Date. The system restricts values based on user account associations.	Manually entered dates must be entered in the mm/dd/yyyy format.
Validated Date: To Calendar Icon	Click	Click the Search button to populate the Submission Search Results table, based on associated submissions matching the selected filters.	N/A

Name	User Action	Comments	Associated Rules
Search	Click	Click the Search button to populate the Submission Search Results table, based on associated submissions matching the selected filters.	Data table matching user's search criteria must be displayed. If no search criteria are searched, the search results will appear populated with every submission available by account association.
Show Entries	Click Drop-Down	Click the Show Entries drop-down to select the number of results to be returned on the Submission Search Results table.	The values for the Show Entries field are 10, 25, or 50 values.
Submission Search Results	Click	Click the header columns within the Submission Search Results table to sort column data in ascending or descending order. Multiple columns can be sorted; each column selected after the first lowers in priority of sorting.	N/A
Submission Selection Link	Click	Click the Select button to display the Submission Summary page for the selected submission.	N/A
Pagination (First << 2 3 4 5 6 >> Last)	Click	Click the pagination links to display additional pages of submission data matching your search criteria.	N/A

Table 7 shows the possible error or confirmation messages that can be received and explains why each message would be displayed.

**Table 7: Error/Confirmation Messages**

Trigger	Message
User enters invalid Submission Tracking Number (e.g. with illegal characters like <, >, contains a string greater than 9 digits)	Please enter a valid Submission Tracking Number
User enters free text or invalid date format	The Submission Created From Date must be in the "MM/DD/YYYY" format
User enters free text or invalid date format	The Submission Created To Date must be in the "MM/DD/YYYY" format
User enters free text or invalid date format	The Validated From Date must be in the "MM/DD/YYYY" format
User enters free text or invalid date format	The Validated To Date must be in the "MM/DD/YYYY" format

## 6.6 Issuer Submitter – Submission Summary Page

After selecting a submission on the Submission Search page, the user is directed to the Submission Summary page, shown in Figure 6. This page allows the user to view the materials for a submission or edit those materials. The Submission Summary Details page will display different actions depending on the current status of the submission. This page also serves as a submission summary page that displays all the submission level data and documents associated to a submission. Each URRT the user has uploaded will display on the page. The latest URRT will appear as the Active Version, which will be the only version used for review and dissemination purposes.

The Correspondence section serves as a platform for communications between CMS and issuers in states that do not have Effective Rate Review Programs (currently TX, OK and WY). This page will be accessible at any point during the submission process but should only be used by issuers in those three states.

Edit Unified Rate Review Template	The Edit Unified Rate Review Template hyperlink is clicked	The Edit Unified Rate Review Template page displays.	Link will be shown or hidden based on allowed functionality
Edit Actuarial Memorandum	The Edit Actuarial Memorandum hyperlink is clicked	The Edit Actuarial Memorandum page displays. User is able to edit the Redacted Actuarial Memorandum here as well.	Link will be shown or hidden based on allowed functionality
Submit/Edit Consumer Justification Narratives	The Submit/Edit Consumer Justification Narratives hyperlink is clicked.	The Submit/Edit Consumer Justification Narratives page displays.	Link will be shown or hidden based on allowed functionality
Upload Supplemental Materials	The Upload Supplemental Materials hyperlink is clicked.	The Upload Supplemental Materials page displays.	Link will be shown or hidden based on allowed functionality
View/Enter Unreasonable Rate Increase Comments	The View/Enter Unreasonable Rate Increase Comments hyperlink is clicked	The View/Enter Unreasonable Rate Increase Comments page displays.	Link will be shown or hidden based on allowed functionality

Event Label	UI Control	Expected Response	Associated Rules
SERFF Tracking Number	The 'Edit' hyperlink is clicked.	The text box becomes editable and the Save/Cancel buttons are enabled.	Link will only be enabled if the Submission Status is not one of the following: Rate Filing Accepted, Review Complete, Final Justification Comments Submitted, Submission Deactivated.
Unified Rate Review Template (.xism)	The Unified Rate Review Template file name hyperlink is clicked	An .xism version of Unified Rate Review Template is prompted to be saved or opened on the user's local machine.	The user can view the .xism version of the Unified Rate Review Template uploaded by the Issuer and a version number of the document with the date and time stamp
Actuarial Memorandum	The Actuarial Memorandum file name hyperlink is clicked	The Actuarial Memorandum file is prompted to be saved or opened on your local machine.	to the user can view the Actuarial Memorandum uploaded by the Issuer and a version number of the document with the date and time stamp
Redacted Actuarial Memorandum	The Redacted Actuarial Memorandum file name hyperlink is clicked	The Redacted Actuarial Memorandum file is prompted to be saved or opened on your local machine.	to the user can view the Redacted Actuarial Memorandum uploaded by the Issuer and a version number of the document with the date and time stamp
Supplemental Materials	The Supplemental Materials file name hyperlink is clicked	The Supplemental Materials is prompted to be saved or opened on your local machine.	The user can view the Supplemental Materials uploaded by the Issuer with the date and time stamp
Browse	The Browse button is clicked	A dialog box is displayed prompting you to select a file from your local machine. The selected file's path appears in the Corresponding Documents field.	N/A

Event Label	UI Control	Expected Response	Associated Rules
User Email	The User Email header column is clicked	The Uploaded File(s) table is sorted in ascending order when clicked for the first time and then toggles between descending and ascending order.	N/A
File Name	The File Name header column is clicked	The Uploaded File(s) table is sorted in ascending order when clicked for the first time and then toggles between descending and ascending order.  If the file name is clicked, then the file downloads to the user's system.	N/A
Upload Date/Time	The Upload Date/Time header column is clicked	The Uploaded File(s) table is sorted by this column by default, in descending order and then toggles between ascending and descending order when clicked.	N/A
Deactivate Submission	Click	The pop-up appears for the user to enter a reason for deactivation of the submission. Once a valid reason is entered in the free text field, the submission will be deactivated.	Reason for deactivation must be 500 characters or less and can only contain the following characters: <ul style="list-style-type: none"> <li>• A-Z</li> <li>• a-z</li> <li>• 0-9</li> <li>• . (period)</li> <li>• , (comma)</li> <li>• (</li> <li>• )</li> <li>• " (quotation marks)</li> <li>• - (hyphen)</li> </ul> Enabled up until a submission is validated (disabled after validation or deactivation)
Back To Search Results	Click	The Search results page displays.	N/A

## 6.7 Issuer Validator – Submission Summary Page

This page, shown in Figure 7, allows the Issuer Validator to view or edit a submission. Only hyperlinks to the functionality for which the user has permission, based on the submission status and the user's type, will be displayed on top of this page. An Issuer Validator cannot alter the Rate Filing Documentation submitted by an Issuer Submitter; therefore, if the Validator discovers any errors in this information, the Validator must instruct the Submitter to make the requested updates. Once the Rate Filing Documentation looks accurate and the submission is in a status of Pre-Validation, an Issuer Validator validates the submission on this page, triggering the beginning of the review. This page also serves as a submission summary page that displays all the metadata associated to a submission. Each URRT uploaded by the Issuer Submitter will display on the page. The latest URRT will appear as the Active Version, which will be the only version used for review and dissemination purposes.

The Correspondence section serves as a platform for communications between CMS and issuers in states that do not have Effective Rate Review Programs (currently TX, OK and WY). This page will be accessible at any point during the submission process, but should only be used by issuers in those three states.

Attempt to upload a Correspondence document with an invalid file type	Page notification, Inline error message, Error	Error: The selected file <<file name>> is not a valid file type. Please select a file that is valid for upload.
Attempt to upload a Correspondence document with an invalid file name	Page notification, Inline error message, Error	Error: The selected file <<filename>> does not have a valid name. Please ensure that your file name does not contain any spaces or special characters and is less than 100 characters in length.

## 6.8 Issuer Submitter – Edit Unified Rate Review Template

This page allows the Issuer Submitter to edit a Unified Rate Review template. The user can also browse and upload a new version of the Unified Rate Review Template. An edited Unified Rate Review Template will not be added to a submission until it passes back-end validation.

Figure 8 shows the Issuer Submitter – Edit Unified Rate Review Template page.

**RATE REVIEW** Text Size: A A A

TEST 14.0 - TX (10333)

Rate Review Overview Create Submission View/Edit Submission

### Edit Unified Rate Review Template

Issuers can use the edit Unified Rate Review Template feature to upload a new version of the Unified Rate Review Template. The issuer can locate the file using the browse feature below and, upon upload, the template will be system validated for accuracy. If the updated Unified Rate Review Template fails validation, it will not be added to the submission, and the most recently validated version of the Unified Rate Review Template will be considered relevant to the submission. A user may need to re-enter Consumer Justification Narratives after editing the Unified Rate Review Template, if applicable.

Upload a valid Actuarial and Redacted Memorandum	Page notification, Confirmation	The Actuarial Memorandum has been uploaded successfully

## 6.10 Issuer Submitter – Upload Consumer Justification Narratives

This page, shown in Figure 10, allows the user to upload a Consumer Justification Narrative (CJN) document to provide justifications for products that are Subject to Review. A Consumer Justification Narrative (Part II of the Rate Filing Documentation) is required when at least one plan within a product has a rate increase that is greater than or equal to the state-specific Subject to Review threshold. Issuers will upload a single CJN document which includes justifications for all applicable products. The user can update the CJN as long as the submission has not been validated.

If any of the products are removed or no longer contain any plans Subject to Review in the Edited URRT, then the product(s) will be disassociated from the Consumer Justification Narrative(s).

Figure 10 shows the Issuer Submitter – Submit/Edit Consumer Justification Narratives page.

**Figure 10: Issuer Submitter – Submit/Edit Consumer Justification Narratives Page**

Table 16 describes the fields on the Issuer Submitter – Submit/Edit Consumer Justification Narratives page and provides instructions about how to enter data in these fields.

Name	User Action	Comments
Rate Review Overview Tab	Click	Click the Rate Review Overview tab to display the Rate Review Overview page.
Create Submission Tab	Click	Click the Rate Review Overview tab to display the Rate Review Overview page.
View/Edit Submission Tab	Click	Displays the Submission Search page of the View/Edit Submission functionality.

Name	User Action	Comments
Consumer Justification Narrative Title	Enter data	Enter a title to describe the particular Consumer Justification Narrative.
Consumer Justification Narrative Browse	Click	A dialog box is displayed prompting you to select a file from your local machine. The selected CJN document's filename appears in the Consumer Justification Narratives field.
Save	Click	The Consumer Justification Narrative document uploaded is saved.
Submit	Click	Data uploaded within the Submit/Edit Consumer Justification Narratives page is saved.

Table 17 shows the possible error or confirmation messages that can be received and explains why each message would be displayed.

**Table 17: Error/Confirmation Messages**

Trigger	Message Type	Message
Click upload with no Consumer Justification Narrative added	Page notification, Error	Please select a Consumer Justification Narrative
Attempt to upload a file with an incorrect file type	Page notification, Error	The selected file "<filename>" is not in a valid file type. Please select a file that is valid for upload.
Attempt to upload a file with an incorrect filename	Page notification, Error	The selected file "<filename>" does not have a valid name. Please ensure that your file name does not contain any spaces or special characters.
Submit Consumer Justification Narrative	Page notification, confirmation	Your Consumer Justification Narrative has been submitted to the system.

This page, shown in Figure 11, allows the user to either use the previously submitted CJN document or submit a new CJN document to provide justifications for products that are Subject to Review after an edited URRT has been submitted. If the existing CJN still applies to the edited URRT, the user can select the "Use Existing CJN Document" button. If the edited URRT requires additional or updated justification, the user should select the "Upload New CJN Document". The Issuer Validator will verify that products that are Subject to Review have justifications provided for them in the newly uploaded CJN document.

Figure 11 shows the Submit/Edit Consumer Justification Narratives page after an edit URRT has been submitted and the user chooses to use the previously submitted CJN document.

**Figure 11: Issuer Submitter - Submit/Edit Consumer Justification Narrative Page after Edited URR Submitted**

Name	User Action	Comments
Use Previous CJN	Select	The Pop-Up will appear to confirm use of the previously submitted CJN document.
Submit	Select	The previously submitted CJN document will be used for the edited URR and the user will be redirected to the submission's summary page.
Cancel	Select	The pop-up will close and the user will be allowed to submit a new CJN document for the edited URR.

## 6.11 Issuer Submitter and Validator – Upload Supplemental Materials

This page allows the Issuer Submitter and Issuer Validator to add Supplemental Materials to a submission. The user can access this page and upload these files to a submission at any time before a submission is validated. Additionally, the user can respond to supplemental materials requests from a reviewer on this page after a submission has been uploaded. The user can upload up to ten Supplemental Materials at a time.

Figure 12 shows the Issuer Submitter and Validator – Upload Supplemental Materials page.

Attempt to submit Unreasonable Rate Increase Comments when one comments box is blank.	Page notification in a Consumer Justification Instance	Error: External Comments Required for Final Disposition.
Submit Unreasonable Rate Increase comments	Page notification in a Consumer Justification Instance, confirmation	Your Unreasonable Rate Increase Comment(s) have been submitted to the system.

## 6.13 State Reviewer – Rate Review Overview

State Reviewers will be responsible for conducting reviews of State Primary submissions; however, there could be instances where the State Reviewers will not be able to review and mark a disposition on Association products in a given market. In such cases, the submission will be set to “State Primary” Review type, but a Collaborative review will be enabled, whereby CMS conducts review of those Association products in a given market.

The Rate Review Overview page, shown in Figure 14, allows the user to view reviewer tips and access some instructional materials to help the user complete the user’s review of a submission. The user can also download a copy of the blank Unified Rate Review Template from this page.

**RATE REVIEW** Text Size: [A](#) [A](#) [A](#)

State of DELAWARE

### Rate Review System

The Rate Review System is a system that provides the Issuer with the ability to enter Rate Filing information for Exchange and Non-Exchange plans in an integrated location for review and adjudication.

[Rate Review Overview](#) [Review Submissions](#) [View Reports](#)

Issuers are required to submit a rate filing justification (RFJ) to CMS for the entire risk pool when any product in the single risk pool in the individual or small group (or merged) market is subject to a rate increase. Issuers must also submit the RFJ for any products that will be sold on the Exchange as a Qualified Health Plan, regardless of whether the product is subject to a rate increase. Issuers must use the Unified Rate Review (URR) HIOS module to submit the RFJ to CMS and to make modifications (if applicable) subsequent to the initial submission.

A Consumer Justification Narrative (Part II of the RFJ) is required for a product if any plan within the product has the following: a 'Plan Category' of 'Renewing' a 'Metal' value of 'Platinum, Gold, Silver, Bronze, or Catastrophic' and the Plan Cumulative Rate Change % (over 12 months prior) in the URR Template meets the criteria for being 'subject to review.'

The RFJ consists of three parts:

- Part I – the Unified Rate Review Template (URRT)
- Part II – Written Description Justifying the Rate Increase (only required for proposed rate increases 'subject to review')
- Part III – Actuarial Memorandum and Redacted Actuarial Memorandum.

Issuers are now required to submit an Actuarial Memorandum and Redacted Actuarial Memorandum as part of their submission. The Actuarial Memorandum document is for CMS review ("CMS version") and should contain all the data elements and information described in the URR instructions. The Redacted Actuarial Memorandum document is a redacted document that will be made available to the public ("public version"), as required by 45 CFR & 154.215(h)(2), and should redact any information that is a trade secret or confidential commercial or financial information. If the Actuarial Memorandum is being used as the Redacted Actuarial Memorandum, the user has an option to select a check box to indicate that the Actuarial Memorandum file is the same as the Redacted Actuarial Memorandum on the Create Submission page.

#### Unified Rate Review Instructions and Template

Please use the following resources to complete your URR submission.

- [URR Instructions \(Parts I, II & III\) \(PDF, 1.81 MB\)](#)
- [2022 URRT \(XLSM, 0.18 MB\)](#)
- [Technical Manual \(PDF, 0.59 MB\)](#) for using the URR HIOS module

## **6.14 State Reviewer – Submission Search**

The Submission Search functionality within the Review Submissions tab allows the State Reviewer to search on criteria and find submissions based on those criteria. The user can search and view any submission within the states the user is designated to review. Once search results have been returned, the State Reviewer can sort through the results to find and select a Rate Review submission.

Figure 15 shows the State Reviewer – Submission Search page.

## 6.15 State Reviewer – Submission Summary

After selecting a submission on the Submission Search page, the State Reviewer is directed to the Submission Summary page. This page allows the user to view all data and documents associated to a submission. Only functionality available to the Reviewer given the submission's status is displayed on top of this page.

This page, shown in Figure 16, gives several pieces of Reviewer functionality. State Reviewers will only be able to conduct rate reviews on State Primary submissions in their state that contain rate increases above the threshold. A State Reviewer can set a submission to “Review in Progress” once it is in a status of “Submission Filed.” Once a submission is in “Review in Progress,” the user can start leaving internal comments on this page to help keep notes on the submission. Once all the product rate increases above the review threshold have been given a determination status, the user can set the submission status to “Review Complete” on this page.

The Correspondence section serves as a platform for communications between CMS and issuers in states that do not have Effective Rate Review Programs (currently TX, OK and WY). This page will be accessible at any point during the submission process, but should only be used by issuers in those three states.

## 6.16 State Reviewer – Request Updated or Supplemental Materials

The purpose of this page, shown in Figure 17, is to allow the State Reviewer to request either Resubmission or Supplemental Materials.

Requesting resubmission puts the submission in a status of "Pending Resubmission" and allows the issuer to edit their Rate Filing Documentation information. When the user requests resubmission, the system requires the issuer to revalidate the submission and requires a new content assessment by CMS. When resubmission is requested, an email is sent to the associated issuer containing State Reviewer-provided Request Comments.

Requesting supplemental materials moves the submission to a status of "Pending Supplemental Materials" and allows the associated issuer to upload Supplemental Materials. Uploading Supplemental Materials does require issuer revalidation or CMS content assessment. When Supplemental Materials are requested, an email is sent to the associated issuer containing State Reviewer-provided Request Comments.

State Reviewers can only make requests for submissions that are State Primary and are in the correct status.

### Request Updated or Supplemental Materials from Insurance Co. - ND (39364)

A reviewer can request resubmission or request supplemental materials from a submissions Issuer. Requesting resubmission will move the submission back to a pre-validated status; this will allow the Issuer to alter their Rate Filing Documentation and will subsequently require revalidation. Requesting supplemental materials will allow an Issuer to upload additional non-Rate Filing Documentation files and will not require revalidation. The request and comments from either request type will be packaged in an email and sent to the issuer.

**Request Type:**  
☒ Request Resubmission   ☐ Request Supplemental Materials

Request Supplemental Materials	Click Radio Button	Click to disable the Request Resubmission radio button.	N/A
Reviewer Request Comments	Text field	The State Reviewer can enter comments pertaining to the request for resubmission or Supplemental materials. The comments entered within this field will be within the notification email received by the Issuer.	Reviewer Comments must be between 1 and 5000 characters upon a save. Reviewer Comments cannot contain illegal characters upon a save. (<, >, ;, =)
Return to Submission Summary	Click	Click to display the submission summary page for the previously-selected submission.	N/A

Name	User Action	Comments	Associated Rules
Submit Request	Click	Click to perform validation checks on all page entries and selections. Once validated, the system will provide an email to the Issuers associated with the submission for the selected request.	Validation rules are run on the page. If the validation rules fail, an error message is displayed at the top of the page. If the validation rules pass, the actions are contingent upon the Request Type selected. If the Request Resubmission button is selected, an email is sent to the Issuer, and the submission is moved to a status of "Pending Resubmission". Request Comments are added to the Request Comments field on the reviewer Submission Summary page. If the Request Supplemental Materials button is selected, an email is sent to the Issuer, and the submission is moved to a status of "Pending Supplemental Materials". Reviewer Comments are added to the Request Comments field on the reviewer Submission Summary page.

Table 29 shows the possible error or confirmation messages that can be received and explains why each message would be displayed.

**Table 29: Error/Confirmation Messages**

Trigger	Message
Enter illegal characters in the Reviewer Comments text field	The Reviewer Comments field contains one or more of these invalid characters: < > ; =. Please remove any invalid characters.
Enter more than 5000 characters in the reviewer comments text field.	The maximum text allowed in Request Comments is 5000 Characters.
Enter no reviewer comments	Request Comments are required.

## 6.17 State Reviewer – Review Rate Increases Splash Page

The Review Rate Increases Splash Page, shown in Figure 18, is visible after clicking the **Review** link for a submission on the State Reviewers Submission Summary page. This page allows the State Reviewer to choose a bundle of products, grouped under a Consumer Justification Narrative, for which to conduct or view the progress of a rate review. This page is only visible for submissions that contain product rate increases above the review threshold.

**Figure 18: State Reviewer – Review Threshold Rate Increases Splash Page**

Table 30 describes the fields on the State Reviewer – Review Rate Increases Splash Page and provides instructions about how to enter data in these fields.

**Table 30: State Reviewer - Review Rate Increases Splash Page Fields**

Name	User Action	Comments
Rate Review Overview tab	Click	Click the Rate Review Overview tab to display the Rate Review Overview page.
Review Submissions tab	Click	Click the Review Submissions tab to reload the Submission Search page of the Review Submission Functionality, clearing all previously entered data.
View Reports tab	Click	Click the View Reports tab to display the View Reports page.

Consumer Justification Narrative Title label	No User Action	Displays the Consumer Justification Narrative Title entered by the Issuer for a bundle of products.
Review Status	No User Action	Displays the Review Status for a bundle of products that are above the review threshold. Can be in the following statuses: Unreasonable, Unreasonable (Modified), Not Unreasonable, Not Unreasonable (Modified)

Name	User Action	Comments
Review Link	Click	Click the Review link to display the Review Threshold Rate Increases page for the selected product bundle, to conduct the review.
Return to Submission Summary	Click	Click the Return to Submission Summary button to display the submission summary page for the previously selected submission.

## 6.18 State Reviewer – Review Rate Increase Page

The purpose of this page, shown in Figure 19, is to allow the State Reviewer to conduct a rate review on products above the review threshold. The State Reviewer cross-references the Consumer Justification Narrative against the Rate Filing Documentation downloadable from the Submission Summary Page and makes a determination on the bundle of products by selecting a "Review Status." If a user selects a "Modified" status, the user is required to enter a Modified Rate Change. Note, however, that the display for [ratereview.healthcare.gov](http://ratereview.healthcare.gov) will use the value provided in the active version of the URRT, and not this field. State Reviewers should enter a rate increase **only after** reaching agreement with the issuer, because this value will be displayed on the Rate Review public website as the final rate increase (rather than the value submitted in the final version of the Unified Rate Review template).

External comments to provide an explanation of the determination status selected are required in the case of every review.

Unreasonable Rate Increase Comments are entered by the issuer and, in the event of an unreasonable rate determination, optionally appear on the Review Rate Increase Rate Review page once an issuer responds.

This page can also be accessed for CMS Primary submissions in your state as view-only. Refer to Table 31 for additional information.

As a State Reviewer, the Registered Issuers and Products Report contains information only on issuers with the state for the logged in State Reviewer.

## 7 Templates

### 7.1 Unified Rate Review Template

The Unified Rate Review template is designed to capture information at the market level (worksheet 1 of the template) and information at the product and plan level (worksheet 2 of the template), consistent with the requirement to set premium rates using a single risk pool, as defined in 45 CFR Part 156, & 156.80. Figure 21 shows worksheet 1, and Figures 22, 23 and 24 show worksheet 2, of the blank Unified Rate Review Template.

The user can add products to the template on worksheet 2 by clicking the **Add Product** button. The user will then be prompted to specify how many plans exist underneath that product. Once these selections have been made, data entry cells for the product will be added to Worksheet 2.

Additionally, the user can validate the template by clicking the **Validate** button. This button scans the sheet and returns a set of values in the submission that may potentially be incorrect.

Lastly, the user can finalize the template by clicking the **Finalize** button. Finalizing the template runs a final check on the values submitted and instructs you to fix any critical errors that would cause the template to fail validation. If no such errors exist, an .XML file is created containing the template data that will be submitted as part of your Rate Filing Documentation.

Specific cells in the template have values displayed up to predefined decimal points of precision; however, the value stored in the database will be the actual value that you entered in each cell. One exception to this is the Product Threshold Rate Increase % cells, which have the calculated value truncated to display two digits of percentage precision.

**NOTE:** Copying and pasting data into the template is not supported and can impact the template design and reported data. Pasting overwrites cell validation and formatting, which can cause formulas to calculate incorrectly and might allow invalid data into the template. Data that has been pasted can also produce unreliable results when the template is Validated and/or Finalized with the **Validate** and/or **Finalize** buttons to produce the output file required for a submission.

For hotkey support when using the Unified Rate Review Template please use Appendix B for more information.

N/A	Not Applicable
PHS	Public Health Service
PM	Plan Management
URR	Unified Rate Review
URRT	Unified Rate Review Template

## Appendix B: Enabling Macros in Microsoft Excel 2013-2019

To properly view and use the Excel templates for the QHP Application, macros need to be enabled. It is recommended that the user enable macros before downloading any templates.

1. From the Office button in the top left corner choose **Excel Options**

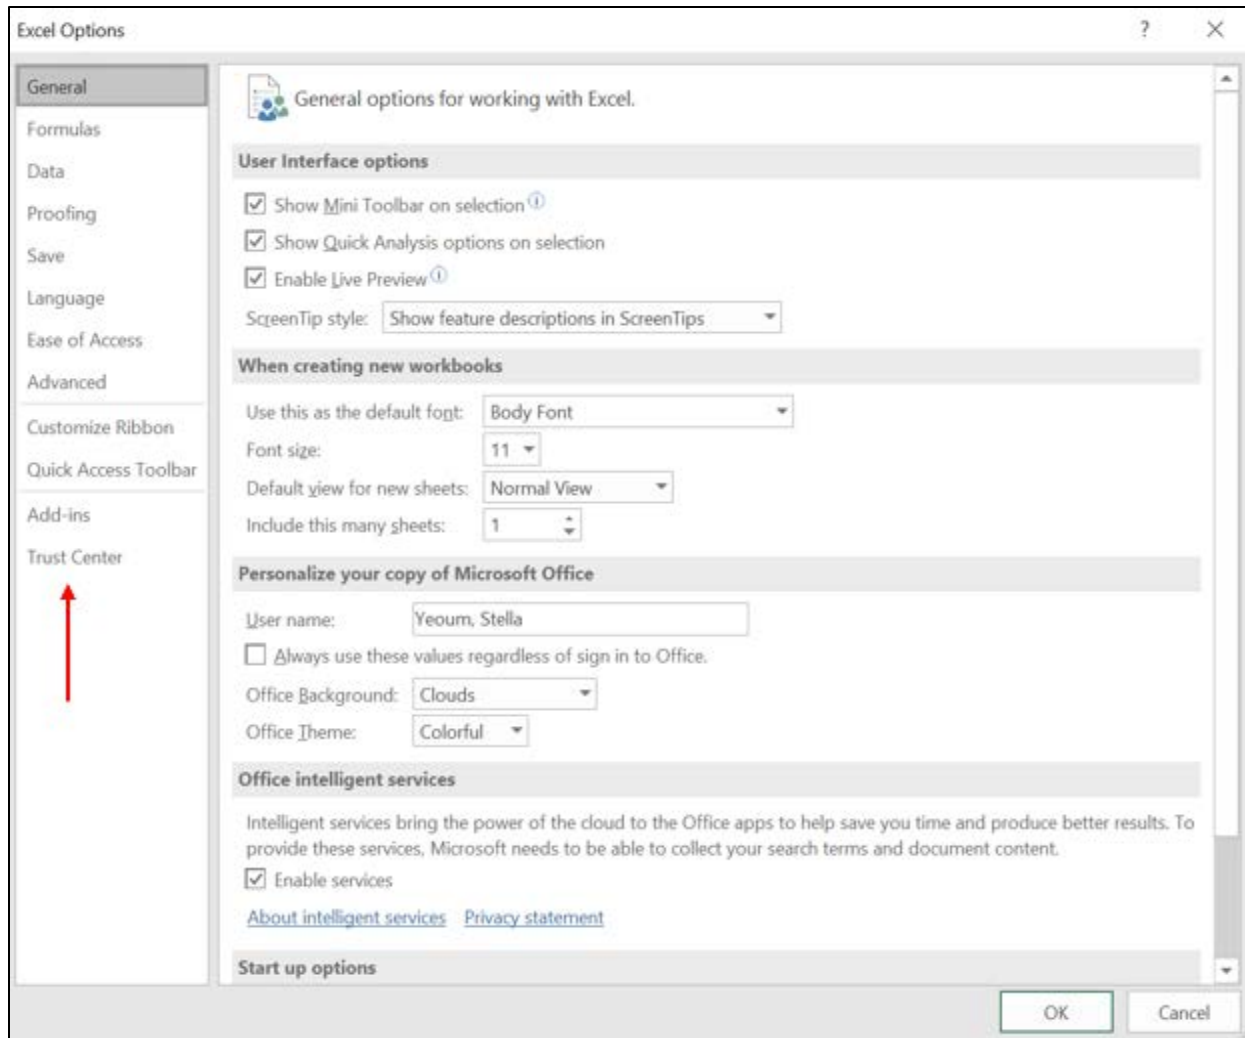

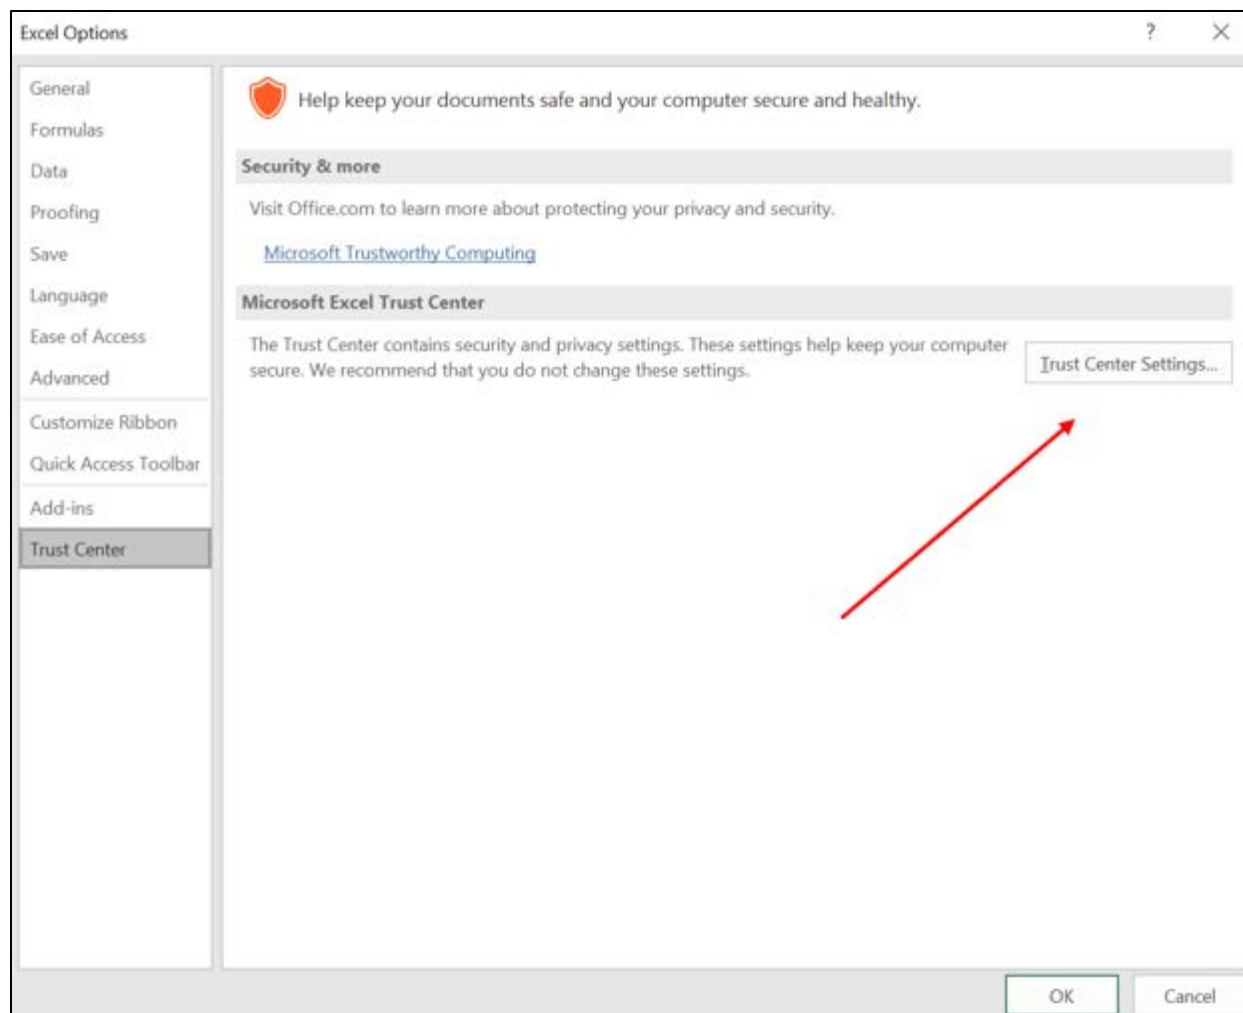

Figure 26: Choosing Excel Options

## 2. From Excel Options, choose **Trust Center**.

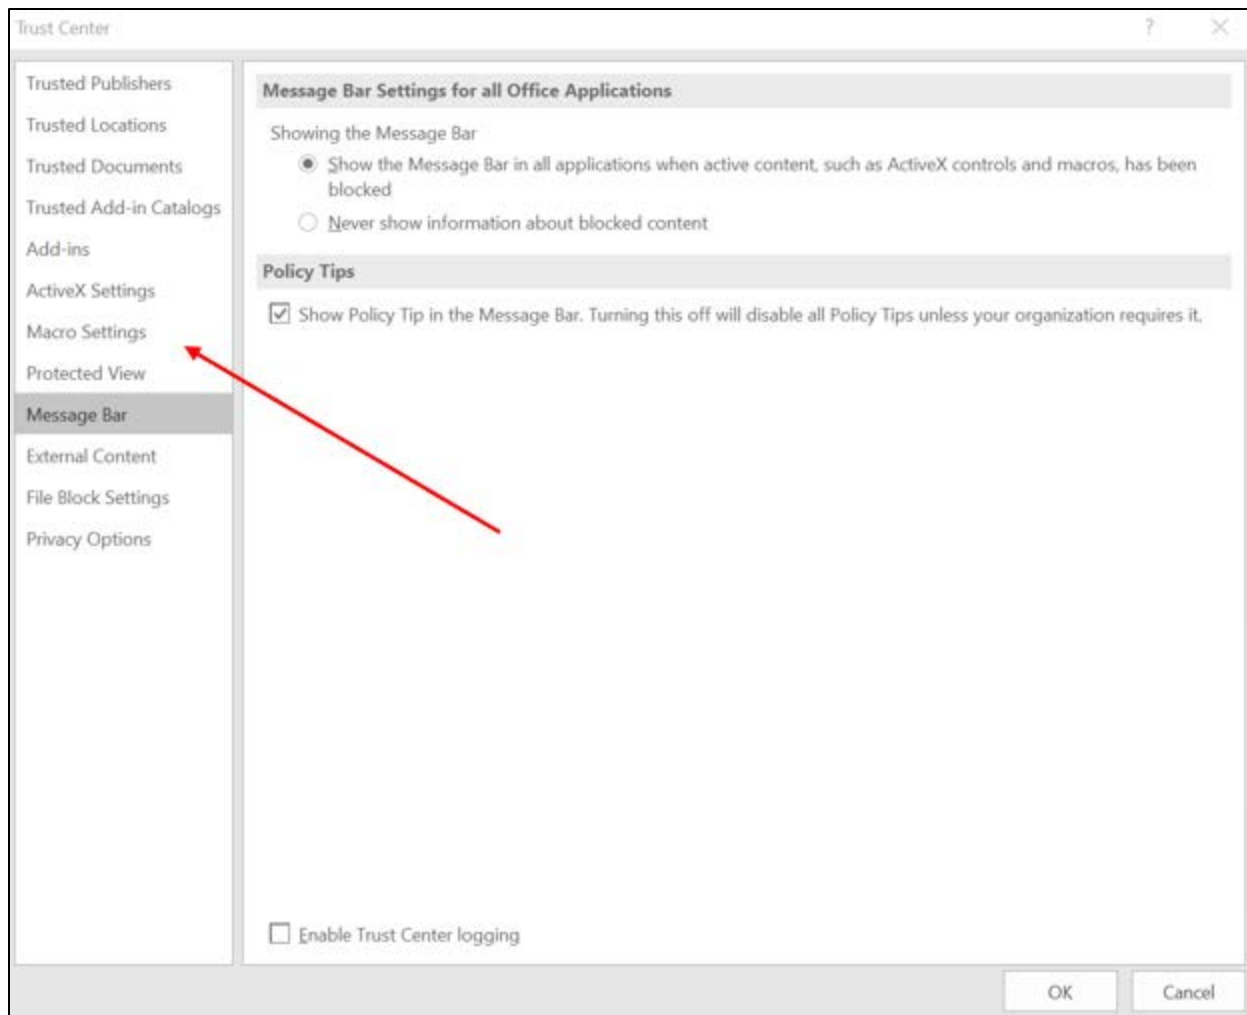

**Figure 27: Select Trust Center**

### 3. Choose **Trust Center Settings**

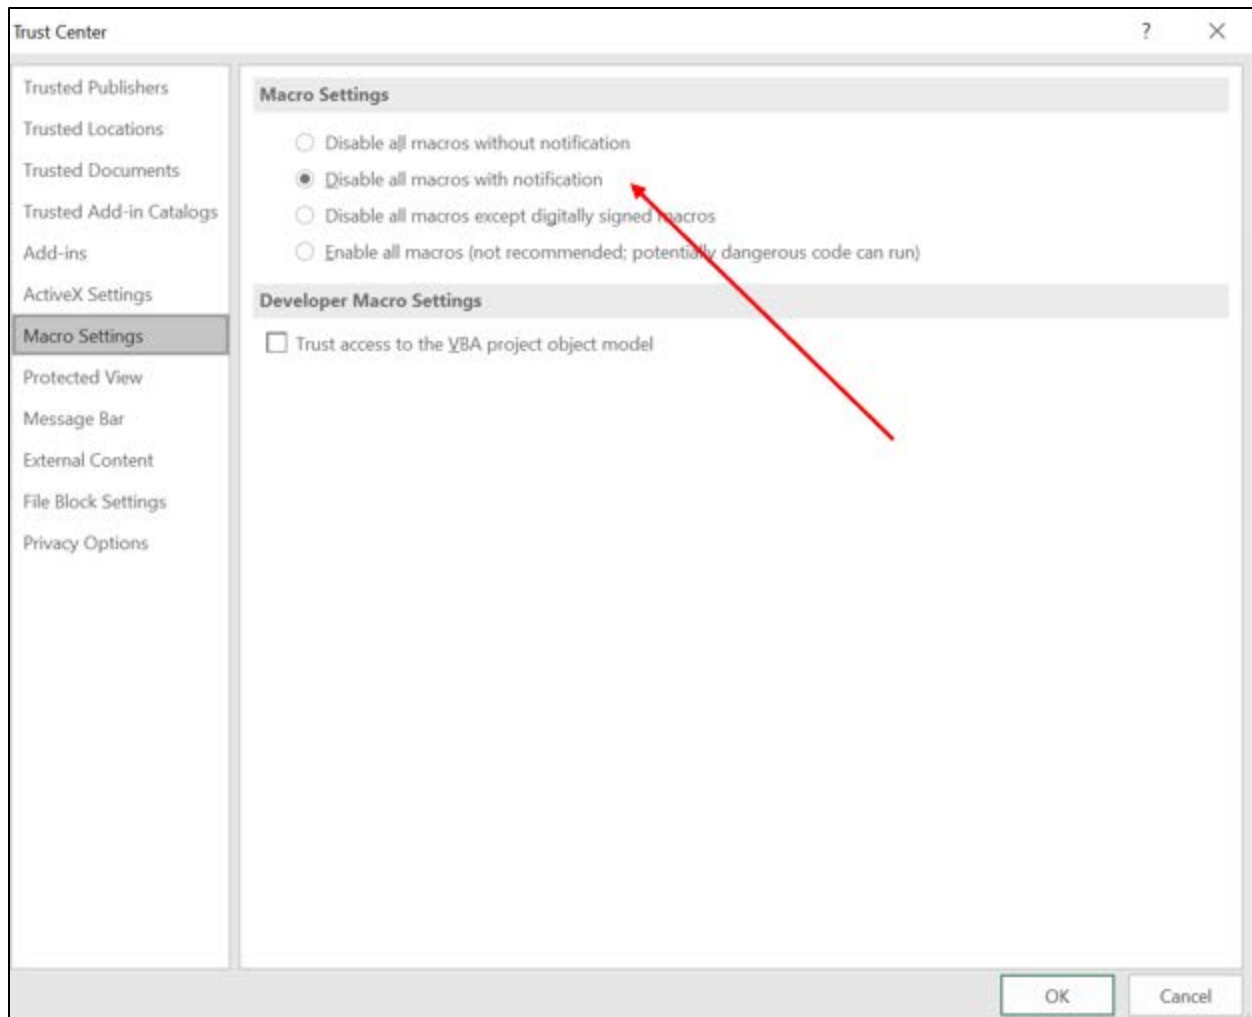

**Figure 28: Select Trust Center Settings**

#### 4. Choose **Macro Settings**.

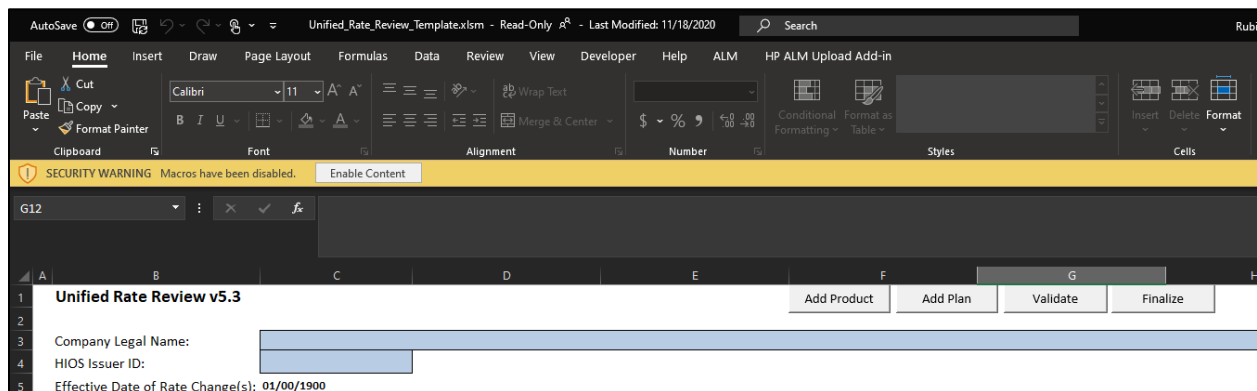

**Figure 29: Choosing Macro Settings**

#### 5. Choose “Disable all macros with notification.”

**Figure 30: Choosing “Disable all macros with notification”**

- When opening any of the templates downloaded from the site, you see the following prompt at the top of the spreadsheet. Click “Enable Content.” Macros are now enabled for the open workbook. Repeat this step every time a new template is downloaded.
